Sharing or donating in kind towards children’s learning is something special as it is contributing to the development of future leaders of the community and our nation. With this in mind, NASFUND Contributors Savings & Loan Society Limited (NCSL) donated reading books to assist a local Motu Koitabu village in establishing its children’s library.

The Kirakira village in the Nation’s Capital received over 200 educational books from NCSL for its library.

President of the Koita Magi Women’s Association, Ms Udia Geita, said this was the first of its kind for them to receive assistance when welcoming the NCSL staff to the village library.

“We are very grateful to NCSL for being the first company to respond to our invitation

to donate books for our children in the village. This will go a long way in helping them to read and write at an early stage,” Geita said.

“We want to build and promote early childhood learning in our homes and communities before we have our children attend school,” she said.

The book donation is part of NCSL’s Corporate Social Responsibility (CSR) program and give back to the local communities in and around its 19 locations around the country.

Mr Michael Douglas of NCSL’s CSR Committee said, “We believe the assistance from the Society through book donations will go a long way in helping these children.

The ongoing awareness campaign is part of NCSL’s drive to educate its members on the value of saving and empower them to make financial decisions while informing non-members of its product and service offerings and encouraging them to join.

## Boroko branch renovations nears completion

Members will soon be able to enjoy the services provided at NCSL’s Boroko Branch in the National Capital District (NCD) when the new office opens in a few weeks time.

The branch refurbishments are nearing completion and NCSL will take up the space by the middle of July this year.

Member Services & Branch Support Manager Mr. Robert Thadeus said the floor work is about 98% complete and we are looking forward to serving our members from this central location very soon.

“Members will note that we will be serving them while seated which is a change from the previous set up where

we were serving members while standing. This will allow members to be a lot more relaxed and comfortable while being served” he said.

He added that it has taken about 8 months to have the work to the current stage and we want to take this opportunity to thank NASFUND who has provided space to service members during the period of the construction.

Boroko as a central location will be the second stand alone branch office after Lae which was opened in March this year. Further announcements will be made via the media prior to opening of Boroko branch.

## Young Jamie saves 10t a day for his future

Putting aside a Toea a day may not seem much at all but young Jamie Manu Vagi has seen his Kids Savings Account grow since the day he started saving 10 Toea each day.

Jamie is 7 years old and hails from Maiaripore in Porebada village in the Central Province.

***“Each day I started saving 10 Toea from my own lunch money everyday.”***

***This youngster is proud to share his story and it goes like this;***

“In September last year, with

the assistance of my Aunty, I opened my KSA account so I could save, so when I grow up, I am already aware of the importance of saving and I can have some money to pay for my school fees or purchase my school materials and other things,” said Jamie.

“Each day I started saving 10 Toea from my own lunch money every day.”

“I have already filled 3 of my piggy banks which was deposited into my KSA account by my Aunt. My first collection of K37.40 was deposited in October 2016 and the most recent was on 5th of June this year.

Jamie is currently doing Elementary 1 (E1) at Porebada Elementary School and is the eldest in his family with one other brother.

Jamie said with these savings he aims to save as much as he can so when he grows up he can already have some money to pay his school fees, “especially when I get to university.”

*Seven year old smart saver Jamie Manu Vagi counting his 10 Toea coins to give to his Aunt to deposit for him.*

“My aunty is helping us by contributing a little to all of us, myself, my brother and my other cousins but I am also saving in my own piggy bank so I can save more.”

Thank you NCSL for helping us save in this Kids Account, and to my fellow KSA savers please keep saving so we can have a better and bigger savings in future to pay for our own school fees one day.

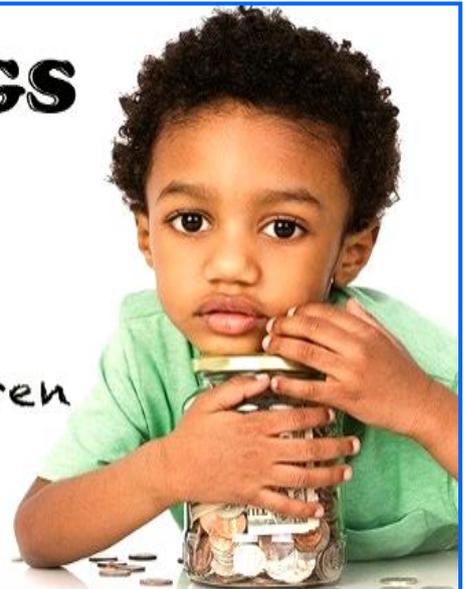

“Saving 10 Toea each day does make a difference.”
